## SAMIR D'MONTE

### East Indian of the Year 2024

Samir is the principal architect of SDM Architects, a firm he founded in March 2008. SDM Architects specializes in the design of technically intensive buildings, housing, institutions, industrial buildings and master planning, and has a strong interest in public projects.

SDM Architects has been fortunate enough to have worked on a wide range of projects, including the BMW Guggenheim Lab Mumbai, a floating restaurant in Goa, conservation of the Jaisalmer Fort, and a 1.6 lakh square foot institutional project in Mumbai, and a complex of aircraft hangars for Delhi Airport among others. It has also proposed projects that have been taken up by government authorities, namely, an improvement project for Bandra Station, and renewal projects for Ranwar Village, one of 26 urban villages in Bandra. It is now also part of Bandra Collective, a group of architects that work together on public projects in and around Bandra.

Samir started his career in Shirish Patel & Associates (SPA), a large firm of civil engineers in Mumbai, and set up the firm's Architectural Department. Under his leadership, it eventually grew to a stage where it handled between Rs 75- 100 crore of projects per annum. He was made an associate (one of 5 in a 100- person plus firm) of SPA in 2005. While there he was the lead architect for the BMW Factory in Chennai, the Skoda Auto Factory in Aurangabad, and the Jet Airways Hangar in Mumbai.

He has done a number of pro bono projects for the city, including the complete renovation the urban plaza around Bandra Station, renovation of Ranwar Village, and a complete re-design of the Carter Road Promenade (the latter with Bandra Collective).

Samir is also closely involved with citizen's movements in Bandra and Mumbai, and is also a Trustee of the Bandra Gymkhana.

## Samir Dmonte La Milla Maan Aaple Gaothanla Karil Mobaichi Shaan

### Launch of MGPs Smart Gaothan Project

*Gleason Barretto, Old Kurla*

**S**mart Gaothan project will create exclusive designs and features to make our Gaothans better and brighter. MGPs "Gaothan Restoration and Beautification" will now be rechristened as "Smart Gaothan" long the line of Smart cities. We will continue with the 10 features incorporating a new twist of attractive and befitting designs for the Gaothan look. The 10 features proposed are - the entrance arch, village history board, a notice board, pathways, street lights, benches, art installation, house colour schemes, news-desk and signage. Gaothans that wish to implement this can approach MGP for advice. One of our Special Advisors of this Smart Gaothans project and other related Gaothan initiatives will be the East Indian of the Year 2024 - Samir Dmonte.

**A**rt installations with a Heritage and History connect will be designed to be placed at important locations especially those that have great significance for the East Indian Community. Many spots in and around our villages have a striking historical story and there is an urgent need to visualise and create an installation plan. These art installations will revive history and heritage for future generations. We will approach historians, architects, archaeologists, restorers, artists, sculptor and relevant professionals or experts to help us with the challenging plan.

**M**odel Gaothans will be given a Certification by MGP for fulfilling as many features in the Smart Gaothan Project as possible. For certification a Gaothan needs compliance of atleast 5 of them. Gaothans can either opt for government funding, CSR support or contributions by villagers through local groups. MGP will try to give multiple design options basis budget of the village. The MGP Network spread across around 100 Gaothans will try to do their bit with a few features to start with to fulfill the Gaothan visibility dream. MGP will also approach the state Government after drafting a detailed Gaothan Development Plan post consulting like-minded activists across Gaothans taking into account their need for heritage, situ, cluster or redevelopment.

**I**nitiatives and Projects to make Gaothans visible on the Mumbai Map will be launched. A brief history on each Gaothans will be promoted with reels and short videos to start with. We will also initiate or support heritage walks in Gaothans with great history. Festival themed spotlights in Gaothans will also be publicised. Events and activities within the Gaothans will also be on our plans to generate increased interest in a Gaothan. Brunch, lunch or dinner pop-ups in Gaothan homes will be promoted to create awareness about a Gaothan and also traditional food. The projects which will be aligned to this objective are Smart Gaothan Project, Mobaikar Gaothan Store, Mobaikar Self Help Groups and East Indian Baazaar.

**R**estoration of Gaothans will be the biggest focus especially the ones that have a heritage tag or are potential heritage Gaothans. A phase-wise restoration plan for these Gaothans will be made starting with the entrance through every bylane and the end point of each Gaothan map. A special Holy Cross restoration plan will also be chalked out as these Gaothans crosses have great historical and religious significance. MGP award recipient of EICA 2024, Samir Dmonte has great expertise in the restoration subject and he has come forward to assist us in this objective. The Year 2025 may very well be a redefining moment for our Gaothans and it's future with support from like-minded activists and experts. We look forward to your prayers, support and participation.

## AN APPEAL

Mobai Gaothan Panchayat (MGP) is happy to announce its initiative in building the first religious structure in the Diocese of Mumbai dedicated to our East Indian Native and Patron Saint..

### ST. GONSALO GARCIA CHAPEL

**Aaplaa GAAV! Aapla Devool!**

Proposed site Mumbai City, Mumbai Suburb, Dharavi Beth, Thane & Raigad.

#### Highlights

- \*The First Religious structure in Bombay Archdiocese to be dedicated to our Native Saint.
- \*The Chapel Fund generation will be actively initiated once the land is purchased or donated
- \*The Chapel is likely to be inaugurated in the year.
- \*We look forward for Support from Experts (Designers, architects, Sculptors, fabricators, etc) in building this Chapel.
- \*Contributions by Cheque or in kind are welcome.
- \*We plan to get relics from Japan and promote pilgrimage to Nagasaki.
- \*Well known Altar designers to be a part of the project interiors.
- \*The boat on which the Chapel will be built will be made by a well-known boat maker.
